A 3x3 grid is centered on a floral background. Below the grid are three colored boxes containing mathematical expressions.

$2 \times 2$     $1 \times 5$     $1 \times 3$

A 10x3 grid is centered on a floral background. Below the grid are three colored boxes containing mathematical expressions.

$10 \times 3$     $10 \times 2$     $9 \times 3$

A 4x10 grid is centered on a floral background. Below the grid are three colored boxes containing mathematical expressions.

$4 \times 10$     $10 \times 5$     $9 \times 9$

A 4x4 grid is centered on a floral background. Below the grid are three colored boxes containing mathematical expressions.

$4 \times 4$     $4 \times 5$     $5 \times 5$

A 3x3 grid is centered on a floral background. Below the grid are three colored boxes containing mathematical expressions.

$3 \times 3$     $4 \times 3$     $1 \times 3$

A 4x6 grid is centered on a floral background. Below the grid are three colored boxes containing mathematical expressions.

$4 \times 6$     $5 \times 6$     $5 \times 5$
